J.C. Argetsinger, Chairman  
 Copyright Royalty Tribunal  
 1111 20th Street, N.W.,  
 Room 450  
 Washington, D.C. 20036

Re: CRT Docket N. 89-2-87CD

Dear Chairman Argetsinger:

This letter is written to response to the several rulings of the Commission in the Phase II Devotional case, requiring the Settling Devotional Claimants to provide supplemental information to the Tribunal. We hereby provide the following material for inclusion in the records:

1) The last day on which the 700 Club appeared on WWOR in 1987 was September 18, 1987. Thus, the 700 Club was carried by WWOR in all of accounting period 87-1 and for 43.5% of accounting period 87-2.

2) The declaration of Clifford M. Harrington transmitted herewith explains the process used to generate the distant subscriber totals for CBN, PTL and Old Time in Settling Devotional Exhibit No. R-X-1 -- 58,390,355 in 87-1 and 62,388,774 in 87-2.

3) The declaration of Marie Louise M. Moriarity of the Cable Data Corporation ("CDC") authenticates the CDC reports which were used to generate the distant subscriber totals for

**REC'D COPYRIGHT ROYALTY TRIBUNAL**

**DATE DEC 7 1989**

CBN, PTL and Old Time. The CDC reports are attached to Ms. Moriarity's declaration for inclusion in the record.

Copies of this letter, with all its attachments, are being sent to counsel for all claimants in this Phase II proceeding. If you have any questions regarding this material, please do not hesitate to contact the undersigned.

Sincerely,

 Barry H. Gottfried

DECLARATION OF CLIFFORD M. HARRINGTON

Clifford M. Harrington, under penalty of perjury, does hereby state:

- 1) I am a partner in the law firm of Fisher, Wayland, Cooper & Leader. I am one of the attorneys representing the Settling Devotional Claimants in the Phase II Devotional Hearing concerning 1987 cable royalties, CRT No. 89-2087CD.
- 2) During my cross-examination of Robert T. Kennedy of the Christian Television Corporation ("CTC"), the Settling Devotional Claimants introduced Rebuttal Exhibit No. R-X-1. The second part of that exhibit provides the total number of distant subscribers for CBN, PTL and OTGH in accounting periods 87-1 and 87-2 -- 58,390,355 and 62,388,774 respectively.
- 3) The Tribunal allowed the distant subscriber number into the record subject to the submission of further information as how the totals were generated. The purpose of my declaration is to provide the information required by the Tribunal.
- 4) CBN, Old-Time and Inspirational provided my law firm with lists of broadcast stations on with their programs appeared during the first half of 1987 and during the second half of 1987.

We forwarded a combined list of stations for each half-year to the Cable Data Corporation ("CDC").

5) CDC then provided us with two computer generated reports showing, inter alia, the number of subscribers to cable systems on which the specified broadcast signals were carried as distant signals in 87-1 and in 87-2. CDC was instructed to use the same method to determine these subscriber figures as it had earlier used in generating its report for the Christian Television Corporation ("CTC")

6) The numbers provided in Exhibit No. R-X-1 concerning the number of total distant subscribers for CBN, PTL and OTFM in 87-1 and 87-2 are taken directly from the "Summary Pages" [p.9] of the two CDC reports we received. (Those reports are attached to the declaration of Ms. Moriarity, filed herewith).

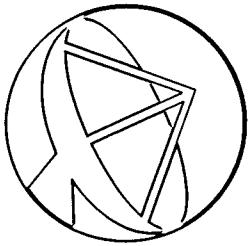

I declare under penalty of perjury that the foregoing declaration is true and correct to the best of my knowledge and information.

---

Clifford M. Harrington

## TESTIMONY OF MARIE LOUISE M. MORIARTY

My name is Marie Louise M. Moriarty. I supervise Research and Data Processing for Cable Data Corporation, a private firm that analyzes Statements of Account filed by cable systems with the U.S. Copyright office. As part of our business, we provide computerized summaries of the data contained in these Statements to interested parties, including the Copyright Royalty Tribunal. Cable Data Corporation first processed these data for the 1979 accounting periods, and have been engaged in this activity ever since.

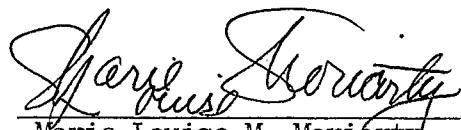

Cable Data Corporation prepared analyses of cable carriage of a list of stations at the request of the law firm of Fisher, Wayland, Cooper & Leader. Attached here to are the two reports which we prepared concerning carriage of those same stations, for the accounting period of 1987-1 and the accounting period of 1987-2.

The reports include a tabulation of the number of cable systems which carry each station as a distant signal, the total subscriber to systems which carry each station as a distant signal, and the total fees generated by distant carriage of each station.

The methodology used to generate these reports is identical to that we used to generate an earlier report used in proceedings for the Christian Television Corporation.

AFFIDAVIT

The information in this testimony was taken from the Statement of Accounts cable data corporation did for the law firm of Fisher, Wayland, Cooper & Leader, and to the best of my knowledge, I believe these facts to be true and an accurate account of the information received from the U.S. Copyright office.
